USA 2024-SB

Uniform Semi-Automatic Case Sealer

Interpack's USA Series Case Sealers are adjustable, operator fed machines that process same sized RSC style cases. These machines are engineered to provide:

- Industry leading features
- Heavy duty construction for 24/7 operation
- Ergonomic, user-friendly operation and case size set up

Every Interpack™ Case Sealer comes with an HSD 2000-ET II tape head with adaptive technology to provide optimal tape application and wipe down to each of the 3 taped panels of the case.

When you compare features, benefits and value, Interpack™ Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

FEATURES & BENEFITS:

- Side belt drive processes a wider range of cases
- Side belts capture the case between 2 moving belts reducing the force on the case
- Twin 1/3 HP motors for 24/7 operation
- Dual column for maximum processing stability
- Slide & lock upper head simplifies case size set up
- Selectable floating upper head processes mild overfills
- Offset tape heads process cases as low as 2" tall
- Reversible controls for left or right handed operation
