VERSATILE

Top and bottom tape cartridges are removable and interchangeable. Capable of processing a case as low as 2.5" and as narrow as 3.25".

QUICK/EASY CHANGEOVER

Slide and lock adjustment for case height and turn handle to adjust for case width.

*Shown with optional infeed pack table.

LITTLE DAVID

LD-19SB

The Little David * LD-19SB is a semi-automatic case sealer designed for processing low profile and/or narrow case sizes. The LD-19SB needs 2 adjustments for the height and width of the case before presented to it by an operator. The adjustments are fixed in place to process a series of uniform or same size cases. Cases are top and bottom sealed with 2" or 3" tape.

LITTLE DAVID * PERFORMANCE & DESIGN FEATURES:

- Side belt case sealer with single mast design is safe and easy to operate
- Processes low profile and or narrow cases
- Slide and lock adjustment for height and turn handle to adjust for width.
- Interchangeable cartridges (top and bottom)
